Sir

I am directed by the Committee of Trials appointed to consider the Petitions against the Election for Burgesses of the Royal Burgh of Inverkeithing, to intimate to you that they have appointed their meeting to be held this day, at 11 o'clock forenoon, and to request your attendance at that time, when you will be heard in support of your Petition.

The committee appeal that of the
$42,000 available for expenditure
$2,000 should be kept open for
the present until the end of the
current financial year to meet
contingencies, & the balance of $40,000

shall be allocated $11,000 to the 1-2
Provinces, & $25,000 to Provincial Colleges
This is following the application of the
Auditor General, except that at present
the Committee do not think that it
will be desirable to treat a loss sum
as Hon. Provincial expenditure to
cover contingencies — Also that at
the financial year in June when we have
a clear basis working under the new
system, we can see how much of this
sum may be devoted to the purposes
as Library to the Auditor Genl. in
reply to a letter of mine on the subject
states that the sums Bank are under
the control of the Senate, & that any

the defence of this Case considered. If you
merely refuse to pay on the ground that
all of these lands are held by & are
vested in Her Majesty. There is no question
that under the Provincial Acts 10 & 11 Vict
all of the Endowment is vested in the Crown
& the Assessment Acts exempt from assessment
land or Rent. It makes no difference that
these lands are devoted to a special public
purpose - that was equally the case with
School & Clergy lands - & the fact of Leases
& Deeds (confirmed in Appeal) even before
that) lands sold by the Crown & not patented
tho' used & occupied by the purchasers were
exempt from taxation - In this latter case
the Crown could have been sued by a writ
for the purchase money & by that circumstance
alone have effected the conclusion of law upon
the case, effect could have been given to it -

Sir,

I have the honour to transmit to you, herewith, a copy of an Order in Council, granting a Pension of $400 per annum to Dr James Forneri, late Professor of Modern Languages in the University College, the said Pension to be paid Quarterly from the 1st January 1869.

Copy of a Report of a Committee of the Honorable the Executive Council, approved by His Excellency the Administrator of the Government in Council on the 28th February, 1867.

On a Petition from James Forneri representing that he was appointed by His Excellency Lord Elgin, Professor of Modern Languages in University College, and had sacrificed other employment which would have been of a permanent character to accept that office. That the Professorship of Modern Languages was abolished by Order in Council of 12 December 1865, which awarded him a gratuity equal to two years salary. That he is now in his 77th year with a family of nine children to support, and that the provision made for him is insufficient for the purpose, and praying relief.

The Auditor of Public accounts enters at length in his report, of 8th Jany. ult°., into the facts of this case, and for the reasons assigned therein he recommends that under the peculiar circumstances stated by him, the Bursar be authorized to pay Dr Forneri the sum of $100 quarterly from 1st January 1867 charging it against the Income Fund as the previous gratuity was charged - stating that this sum which would preserve a deserving public servant from absolute poverty in his old age, would still not nearly bring up the

allowance to him to the $\frac{2}{3}$ pension originally recommended by him. the Auditor to be granted to Dr Forneri on his retirement.

The Committee on the recommendation of the Hon. the Acting Provincial Secretary advise that the report of the Auditor be approved and acted on.

Statute respecting Dr Starr's Medals in the Faculty of Medicine.

By the Senate of the University of Toronto.

Be it enacted.

I. That in accordance with the will of the late Richard Noble Starr, in his lifetime of the Township of Caradoc, in the County of Middlesex, Surgeon, three gold medals of the value of Thirty Dollars each be established, to be called "The Starr Medals" with an appropriate design and device for the encouragement of study in the Faculty of Medicine, each Medals being conferred for general proficiency in examination in Anatomy, Physiology, and Pathology.

II. That the annual proceeds of Lot number Five South of the Longwood Road in the said Township of Caradoc containing one hundred acres be applied by the Bursar in payment of the cost of the said medals and that the value of such medals may be increased, or a sum of money in addition thereto may be granted to the successful candidate at any time when the funds derived from the annual proceeds of said Lot may be sufficient therefor.

III. That the said Medals shall be competed for annually at the same time as the examination for the Degree of Bachelor of Medicine and shall be conferred on three competitors who shall have attained the highest marks at such examination in the said subjects of

Anatomy

* Should be N/p 5 Range 1 S & W.R. Caradoc

anatomy, Physiology and Pathology, and the relative rank of each candidate shall be ascertained upon the summation of his marks in all of the said subjects.

IV. Such medals shall be open for competition for all students who have received their medical education in any medical school or Institute affiliated with the University and who shall present proper certificates thereof. Such competitors shall also have previously matriculated in the Faculty of Medicine, or shall be such from whom matriculation therein has been dispensed with by reason of having matriculated in another Faculty or by reason of having been admitted ad eundem statum; but such students shall be of sufficient standing to entitle them to present themselves for examination for the Degree of Bachelor of Medicine. No medal shall be awarded to any candidate unless he has attained the standing of a first class in each of the said subjects of Anatomy, Physiology, and Pathology and any such medal may be taken and held by any candidate to whom the University Gold or Silver Medal has also been awarded of the same examination in which case it shall be optional for the candidate entitled to the University Gold or Silver Medal to receive the value thereof in money instead, but no candidate who shall fail in passing his examination for the Degree of Medicine at

at such examination shall be entitled to receive any of the medals established by this Statute.

London May 16/67

Sir

I am directed by the Lords Commissioners of Her Majesty's Treasury to acquaint you that in the Estimates for the Year 1866, submitted to Parliament for the Service of the present Financial Year, a Sum of £2,000 was taken for the Purchase of the Land required for the Enlargement of the Museum, and for the Erection of a Building for the Reception of Specimens of Natural History, and that the Sum of £1,000 was voted by Parliament for the above Purpose.

I am further directed to state that their Lordships have had under their consideration the Report of the Trustees of the British Museum, dated the 4th Instant, in which they recommend that the Land to the North of the Museum, and bounded by Montague Street, Great Russell Street, and Bloomsbury Street, should be purchased for the Purpose above mentioned, and that the Sum of £1,000 should be applied in part Payment of the Purchase Money.

My dear Sir

The statement you favoured me with this morning relative to the true balance in favour of the College at the end of the Academic year, — as distinct from accumulated balance not to be anticipated as an annual recurrence, — does not, I find, satisfy Dr McCaul; who is still of opinion that there must be an Annual ballance out of the College appropriation of $29,000 more than sufficient to meet all anticipated and proposed increase of charge.

The charges in prospect are as follows:- 1st The increase

at the end of 15 years service on the salaries of four Professors, falling due in the course of 1868, amounting to $800. 2d. Additions now believed to be requisite for placing the Lectures and Tutors on a satisfactory permanent footing, amounting to $800. making in all $1600.

Taking the actual surplus of the present academic year, ending on 30th June, as a basis for calculating the probable expenditure for the College in future years, the practical question now is: can we exceed our present expenditure to the amount above named without going beyond the College appropriation?

I need not remind you that this is distinct from the University appropriation or expenditure. The Examiners are chargeable on the latter, and not on the College Account.

My Dear Sir

I return you Mr Meredith's letter which you kindly sent for my information, and regret to say that it is to me very unsatisfactory in as much as I am held responsible indefeasably for any Breach of the conditions of the Bond that may be discovered to have taken place between 1857 and 1862 altho the affairs of the University have been thoroughly investigated since and found correct.

So far as the mere liabelity is concerned it is of no consequence, I am perfectly satisfied on that point: but unfortunately it meets me in another way and I hope some way will be found for obtaining the relief sought

If the University authorities are willing to dispense with the security surely the Government will not insist upon it. may I beg you to try what can be done in this way. an early answer will oblige

Sir,

With reference to my letter of the 9th April last, I have the honour to inform you that His Excellency the Administrator of the Government has had before him your communication of the 2nd of that month, requesting that the Hon. John McMurrich may be relieved from the obligation incurred by him under a Bond entered into by him in the year 1854 as one of your Sureties as Bursar of the University and Colleges at Toronto.

I have now to state that His Excellency is advised that your application on behalf of Mr McMurrich cannot properly be granted. The Bond of that gentleman stands as security from 1854 to 1862 for your conduct as

as Bursar, and should, at any time hereafter, a discovery be made of any error in act or omission amounting to a Breach of the condition of the Bond and Mr. Mc Inerich were released, the University would be without security for such Breach.

His Excellency must therefore decline to accede to your application.

# Statute

respecting the Boarding House and the Salaries of Masters in Upper Canada College

By the Senate of the University of Toronto:

Be it enacted

I. The Statute numbered LXXV relating to Upper Canada College Boarding House, [illegible] is hereby repealed.

II. The Bursar shall keep an account for the Boarding House separate from the Upper Canada College Income Appropriation.

III. The Bursar shall keep accounts open for at least four days after the conclusion of the Summer Term for all receipts and expenditure on account of the Boarding House and on account of the Upper Canada College Income Appropriation, and any receipts or expenditure in such account subsequent to June 30 shall be held to form part of the accounts of the previous financial year.

IV. The Upper Canada College Boarding House shall have at its credit the Boarding House fees and all other receipts applicable to it and the expenses shall be charged against it in the following order of precedence.

1st The ordinary expenses of maintenance including repairs and improvements in the Building.

2nd The allowance to the Superintendent

by resolution of the Senate, of three dollars per ~~annum~~ term for each pupil in the Boarding House.

3rd An sum which the Committee on Upper Canada College may think it advisable to reserve to meet repairs or improvements on the Boarding House which in their opinion will be required.

4th The payment to the credit of the Upper Canada College Income appropriation of such a sum for each pupil resident in the Boarding House as shall make up the five dollars per term, which is now charged, to the amount per term which each would have paid had they not been resident in the Boarding House. Provided always that if at any time no balance of salary shall be due to any Master in Upper Canada College from the Suspense Account ordered to be kept by the Order in Council of December 21. 1865 and that there shall be sufficient funds at the credit of the Income appropriation account to pay the Masters in the College their full salaries for that year, at the rates established before 1860. Then no payment shall be made for that year from the Boarding House as above provided or only so much as shall enable the Income appropriation to pay the above charges

5th The payment to the principal of three dollars per term in each pupil resident in the Boarding House as provided by the

Statute hereby repealed.

The above named charges numbered 2nd, 3rd, 4th and 5th shall only be paid or reserved (as the case may be) to the extent that there may be a balance in the year's accounts available to meet them and no part of such charge remaining unpaid shall be considered a debt chargeable against the income of the following year; and any balance which may remain after those charges have been paid in full shall be carried forward to the credit of the Boarding House for the following year.

V. The Upper Canada College Income Appropriation shall have to its credit the appropriation from the Income fund, all miscellaneous receipts applicable to the account, the tuition fees and the proportion of fees above made payable from the Boarding House, and it shall be charged with expenses in the following order of precedence -

1st All Salaries of Masters as at present established, with the ordinary expenses of maintenance, repairs &c as provided by the Order in Council of December 21. 1865.

2nd The repayment of any deductions from Salaries in accordance with the Order in Council of December 21. 1865.

3rd Such sum which the Committee on Upper Canada College may think it advisable to reserve to meet the expenses

of necessary repairs or improvements.

4th An apportionment amongst the Masters in the proportions in which their salaries were reduced by the Statute of Fees and Salaries in Upper Canada College passed October 5. 1860 so far as to make their salaries for the then current year equal to what they were in 1860.

The above named charges numbered 2nd 3rd and 4th shall only be paid or reserved (as the case may be) to the extent that there may be a balance in the year's accounts available to meet them, and no part of such charge remaining unpaid shall be considered a debt chargeable against the income of the following year; and any balance which may remain after these charges shall have been paid in full shall be carried forward to the credit of the appropriation for the following year.

VI. This Statute shall take effect from the first day of July 1866.

Dear Sir.

I am about to leave the city, & as I expect old Mills of the Park will call on you before I return, concerning a notice which I recently sent to him, to quit the premises I thought it would be well for me to tell you the particulars of the case, that you may know how to act when you see him, as he is under the impression that you are the only person who has any right to speak to him with authority.

Numerous complaints continue to be made to the Vice-Chancellor

1-33

and also to myself of the abusive language to which people are subjected in passing through the Park Gate.

A short time ago I received a letter from the vice-chancellor authorising me to give them two week notice to quit the premises, & also to take steps to have the place occupied by people who would be inoffensive ?.

I have seen the old man since I notified him to leave; he was very boisterous, & declared that I nor any other man could put him out, & do my best; & he would not leave the place till Feb'y. if you wished him to go then, he would, but he had nothing to do with any body else.

The Vice-Chancellor is anxious to have them removed at once, & if you can aid me in any way in getting rid of them you will greatly oblige; I have a person in view, who, I think would mind the gate well, & would lease the gardens if he could get them at a reasonable rate per annum.

If you can convince the old folks that they must be out of the house by the end of July, it will be a good thing; I shall have returned by that time, & can make arrangements for having the place reoccupied.

Dear Sir

Accordg to what I stated this morning, I think it right to record in writing that in giving you a receipt in full for my salary for the quarter last past at the rate of $600 I only mean to the full extent that you with your views of the intent of the University statutes, think yourself authorised to pay. My own interpretation of the Statutes on the subject being that 15 years from the date of my warrant of appointment I am entitled to the increase of salary. I hold that I ought to have received the additional sum this quarter consequently I do not admit that I have received my salary in full but expect that after consideration of the matters the deficiency will be made

good You are no doubt right in acting as you
do until there is an authoritative settlement
of the question but I desire that my signa-
ture to your receipt in full may not be

Sir

I am directed by the Honorable the attorney General to return you the enclosed papers relating to the increase of salaries of certain Professors of the University.

Upon a full consideration of the facts set forth in these papers the attorney General is constrained to adopt the view expressed by yourself as to the period from which the several increases of salary in question are to be allowed. It is the opinion of the attorney General that the first day of October and not the Anniversary of the date of the Commission is

in every fifth year,—
is the date on which the increase
commences.

Upon this recei of the
question it is evident that
at the commencement of the
last period of five years
the Professors were overpaid
the sums stated in your
letter respectively and without
expressing any further opinion
upon this point it seems to
the Attorney General that the
course to be taken by you
for the recovery of these
amounts must be obvious

Professors Cherriman and Wilson finding that the Bursar has undertaken to submit a case to the Attorney-General with reference to the payment of their increased salaries on the commencement of their fourth term of five years' service, beg leave to submit on behalf of themselves and colleagues the following Statement and queries.

Toronto.
2nd Oct 1868

Resolution of the Senate of the University of Toronto 19th May 1858.

The Senate "recommend that the Stipend "attached to the following Professorships, viz., Greek and "Latin, &c, should be fixed at 500£ per annum, "with an increase of 50£ per annum after 5 years "from the dates of their commissions, and a further "increase of 50£ per annum after every subsequent "term of 5 years."

Report of Committee of Hon. the Executive Council 9th Sept 1858. approved by his Excellency the Gov. General in Council 18th Sept 1858.

..... "The President of the Council

"recommends that the principle adopted by the Senate
"in their Resolution of raising the Salaries of such of the
"Professors mentioned therein 50£ per annum at the
"end of every fifth year of service be carried out
"until after the expiration of the third period of five
"years; in other words, until the maximum Salary of
"650£ per annum has been reached."

The Bursar having written to enquire if
this order had a retrospective effect, & to request
that, if not so intended, his Excellency would fix a
date from which the payment of the increased salaries
was to commence, received answer dated 3d Nov 1858,

"That his Excellency has been pleased to direct
"that the increase in question commence from and after
"the 1st Oct ult." (Signed) C. Alleyn. Secretary.

The Commissions of Professors Cheeseman, Wilson, Hinds
& Chapman bear date 22d May 1858, and at the date
of the above instruction they were entitled to a Salary of
550£ per ann: at which rate they were paid the quarter's
Salary on 30th Dec 1858. On 22d May 1863, they had com-
pleted 10 years of service and were entitled to 600£ per
ann: at which rate they were paid for the broken period
(£18 63/92 additional) on 30th June 1863, and the full 600£
on 30th Sept 1863. On 22d May 1868, they had completed
15 years of service, and were entitled to 650£ per ann:

(1) What should be their payments on 30th June & 30th Sept 1868?

(2). On the appointment in future of a Professor on this Scale,
from what date will his successive increases of Salary
take place?

Copy of a Report of a Committee of the Honorable the Executive Council dated 18th August 1858 approved by His Excellency the Governor General in Council on the 19th August 1858

The Committee have had before them a letter, dated the 21st May 1858 from the Registrar of the University of Toronto, submitting in pursuance of the Order in Council of 21st April last, a Resolution unanimously adopted by the Senate, on the 19th May ultimo- re= =commending that the Stipend attached to the following Professorships- viz: Greek and Latin with Logic and Rhetoric — Metaphysics and Ethics, Chemistry and Experimental Philosophy, Natural Philosophy, History and English Litera= =ture, Natural History and Mineralogy and Geology and Modern Languages should be fixed at £500 ($2000) per annum, with an increase of $200 per annum after five years from the dates of their Commissions and a further increase of $200 per annum after every subsequent term of five years

These Salaries to cover all present allowances for House Rent - Also- That the Salary of the President as such be £350 (1400) per annum, and that the Office of Vice President be filled up with a Salary of £100 (1400)

The Honorable Attorney General (U.C.) recommends a concurrence in

the above Report, except that portion which suggests an increase of £50 per annum for every five years service of the Professors - ~~[illegible]~~ He states that each Professors Salary may be properly increased at the end of the first Five years of their service, by £50 so as to make the Salary £650, but that it would not, in his opinion, be expedient to grant a similar increase for Every five years thereafter. - That Each case should be dealt with as it arises. —

The Committee recommend the adoption of the Resolution of the Senate with the modification ~~of~~ suggested by the Honorable the Attorney General. —

Copy of a Report of a Committee of the Honorable the Executive Council, dated 9th September 1858 approved by His Excellency the Governor General in Council on the 18th September 1858.

On a Memorial from John Langton Esq Vice Chancellor of the University of Toronto dated 2nd September 1858, requesting a reconsideration of the order in Council of 19th August last, respecting the Salaries of Professors in University College, founded upon a resolution of the Senate of the University

The Honorable the President of the Executive Council in his communication states that from this Memorial it would appear that the effect of the Order in Council in question is to lower the Salaries of the three Senior Professors:- and that the avowed object of the proposed change was to increase the emoluments of the Professors.-

Under these circumstances the President of the Council recommends that the principle adopted by the Senate in their resolution of raising the Salaries of each of the Professors mentioned therein fifty pounds (£50) per annum at the End of every fifth year of Service be carried out until after the expiration of the third period of five years - in other words until the maximum Salary of £650 per annum has been reached

The Committee submit the recommendation of the President for approval

Sir,

I have had the honor to receive your letter of 22nd instant, transmitting to me copy of an Order of His Excellency the Governor General in Council amending the Order transmitted to me on 27th ult. on the subject of the Salaries of certain of the Professors of University College —

Neither the first, nor the amended order instructs me from what date the increases on the Salaries of the respective Professors is to commence — If all the Professors had been appointed within five years there could be no difficulty: but, in every case the appointments are older than five years: — three of them over fifteen — Dr McCaul Dr Beaven and Dr Croft were appointed in 1842 — They have therefore served three periods of five years; and if the strict letter of the Orders in Council were to be adhered to, I apprehend I should have to pay each of them arrears for five years at £50,— five at £100, and one at £150,— which would amount to £900 for each or £2700 for the three — The others were appointed 28th May 1853 — Any arrear in their cases is a mere trifle, and if they

stood alone hardly worth troubling His Excellency about, but the amount in the other cases is a very serious item.—

I presume that it could not have been the intention either of the Senate or of His Excellency the Governor General in Council that the increase should have a retrospective effect; especially as L'D'r McCauls Salary was very recently fixed at £1000 per annum.— Besides, the Income fund could not bear the burden.— It would be all absorbed by it and more.— I had on 19th instant less money, by several hundred pounds, at the credit of the Income fund than I have had in any year since I have had charge,— with more to pay, and a worse season in which to collect than I have had before.— Owing to the large receipts for Debenture interest in July last I shall get through the quarter just ending with a small surplus; but, as the principal dependence for the next quarter must be on Farmers for interest on Lands sold, I anticipate a deficiency of funds at the end of the year.—

Having thus brought the circumstances under His Excellency's notice, I have to request that I may be instructed from what date I am to pay the increased Salaries; and, if I may presume to do so, I would suggest that they should commence either with the 1st Oct'r 1858 or 1 January 1859 I have the honor to be

Sir,

Adverting to the Petition of William Sargent for reduction in price of Lot No 6 in 1st Concession, Township of Seymour, purchased by him from the University of Toronto, I am Commanded by the Lieutenant Governor to inform you that the Petition, with the Vouchers and affidavits thereunto annexed, was referred to David Buchan Esq. Bursar of the University, with the view of obtaining from him a Report as to the circumstances of the case

J. Ryan Esq.
M. P. P.
Brighton.

Case; and that the reply of Mr. Buchan, which was accompanied by original letters from the petitioner, clearly established that he, the petitioner, had only recently considered it proper to prefer this claim for Reduction. The Report of the Inspector of University Lands, who lately Visited the Lot in question was also submitted by Mr. Buchan, which is to the following Effect. "That taking all the advantages into consideration, he, "did not consider the Petitioner entitled "to a Reduction in the price of his "Land". "If the College took this opposite Side of the Lake, in justice they would be compelled to reduce the price of the lands to the purchasers in the Peak of the Settlement by at least one half, their lots being possessed of no such advantages. I am, therefore, Commanded to say that, apart from the doubtful propriety of any interference by the Lieutenant Governor with the University lands under any circumstances of the like nature of those set forth by the Petitioner, the Petitioner has failed, in the Opinion of the Government to establish sufficient Reasons to justify the granting of the Reduction asked for by him.

Dear Sir

Your letter of the 25th January 69 having been put aside has recently turned up. Although of an old date it is proper that you should have an answer thereto. The amount disbursed in repairing the Building used by the Faculty of Medicine of the Toronto University is reported by you to have been charged to what you call the Income Appropriation account, which sum lessens the available income of the University which is at

the disposal of the Senate and you state that it should have been charged to the Income Fund account. It is scarcely worth while at this time to authorise you to carry out yaur suggestion especially as there seems to be no pressing necessity for adding that sum to the balance unexpended in the hands of the Senate derived under the Order in Council of the 21st December 65. This O.C. will expire on the 30th June 71 before which time it is con-templated to reconsider the whole Assets and Expenditure

of the University with a view to a more perfect system of responsibility than has in my opinion hitherto prevailed in regard to the financial affairs of that Institution.

D. Buchanan Esq
Provincial Secty

Copy of a Minute of Council approved by His Excellency the Lieutenant Governor this 9th. February 1870

The Committee of Council have had Under Consideration the Report of the Honorable the Attorney General dated the 3rd instant, as follows.

The Undersigned has the honor to Submit for the Consideration of His Excellency a letter of David Buchan Esq. Bursar of the University and Colleges dated the 14th. January last accompanied by a letter from Messrs Blaikie & Alexander Blokers - also Copy of a Report of the Honorable the Executive Council, approved of by His Excellency the Governor General on the 10th September 1861 together with a Statement of various investments of the University in Government and Municipal Bonds - The Bursar represents that Until quite recently there had been little or no difficulty in obtaining County Debentures Such, as he was authorised to purchase Under the said O.C. at something less than par but States that the opportunity for Such investments are now becomming very Scarce, and that the Bank Balances at the Credit of the University and Colleges are getting larger than he likes to See them, He refers

to the letter of the said Brokers who state that Township Debentures may be regarded as Safe investments and submits the Consideration thereof to the attention of the Undersigned.

"The Statement shows that the investments hitherto made have in all cases yielded Satisfactory returns and it would seem that the purchase of Bonds and Debentures was judiciously made by the Bursar. The obligation to utilise so much of the Bank Balances as are not required for ~~advances~~ ordinary disbursements is a duty incumbent upon those who desire to promote the usefulness of the Institution, and as Government Securities cannot now be had but at a Considerable premium over their par value the Undersigned respectfully recommends that the Bursar be authorised to negotiate with Township Corporations of good standing or with parties representing them for the purchase of their Debentures at such rates below par value, as may be ultimately agreed upon but prior to the final purchase the Bursar shall submit to your Excellency for approval a list of the prices at which such Debentures can be had the names

of the Townships issuing such Debentures and such other information as he may be able to obtain in regard to the extent of the indebtness of each Township

Sir,

In accordance with your expressed desire, I have been directed to send you a notification of the approval of His Excellency the Lieutenant Governor of a Statute of the University of Toronto relating to the appointment of Angus Morrison Esquire as Solicitor of the University in place of D. Ashe Sampson Esquire deceased.

A copy of the Statute approved by His Excellency was forwarded to the Registrar of the University on 14th Decr last, and of this fact it would seem to have been the duty of the Registrar to acquaint the Officers of the University whose action would be affected thereby.

This second intimation of Mr. Morrison's appointment is, however, now sent, and I am directed to call upon you to govern yourself accordingly.

(145)

Avenue road Augt 14 1871

Dear Sir

I certified an account of Parsons's very recently, which I think requires a word of explanation. We had an appropriation for the Museum last year of which $100 was reserved for expenditure in London and the remainder spent in securing on very favourable terms some of the most important objects in the stock of Parsons who was removing to Montreal finding that we were obtaining excellent bargains and that the objects desirable were numerous it was suggested that we had better take what we most wanted relying on the great probability that we could have the additional money in the following year and Parsons being quite willing to give us credit. This proceeding was sanctioned by the President and seemed quite safe, but the $50 was not payable out of any funds in hand. The $100 reserved for London for a few objects particularly wanted were ex-

previously paid to [illegible] special object. I wrote almost immediately to the gentleman most likely to provide what was wanted and with whom we had had dealings previously after much delay the letter was returned through the dead letter office. It appears having left the address I took means to ascertain the cards of a few principal traders and was endeavouring to learn something [illegible] when I heard of Prof. Crofts visit to England. Immediately put the instructions I had drawn up in his hands explaining the selection to him. I find he has been very successful and obtained highly valuable acquisitions. I pray for him he will apply to you for the £100 reserve which of course he must have. Pennants bill with having any concern with this sum. I [illegible] with this explanation to prevent mistake. Without doubt Pennants bill will be properly provided for, and I am answerable for any deficiency.

believe me dear Sir very truly Yours

Paul Backus Esq
Mayor Newcastle upon Tyne

Yesterday a Committee of the Corporation of the City, consisting of the Mayor & Chamberlain & several Aldermen had a Conference with a Committee of the Senate on Saturday the 29th Oct. on the subject of the Park, & grounds still held by the Lessees & in connection with this the question was started as to the leasing of other portions of the ground, and it appeared to the Committees that it would be undesirable to lease any further lots (especially the West of the carriage road) pending further negotiations between the two Corporations, which may result in a re-arrangement of the boundaries of the Park leased to the City Corporation. As the electors may be the conclusion arrived at, it appeared to our Committee that the western line of the terrace building lots - the north of the limit of building lots to be produced, should be on the same line & with the lots to the north, such as Alderman Ramsay - the power to take the requisite action by Statute to make this alteration

Dear Sir,

William Moulds of the City of Toronto, Builder, having become insolvent, I am instructed, as assignee of his Estate, to apply to you, which I now do, for balance due on Contract of College Buildings, amounting to upwards of $4000.

The amount, I learn is past due, for a considerable time, and your early attention in paying balance due in Contract will much oblige

Yours Truly,

John Shaw
Assignee, Estate of Wm Moulds.
